

"Be the Change"

V1

No one can deny it- the world is broken.
There are some who say it's beyond repair.
Ev'ry day it seems the sky is fallin.
You don't feel safe; you're losin' faith-
drownin' in despair.

V2

You can't shake the feelin' the ship is sinkin'-
like you're bein' tossed on an angry sea.
Don't start to believe the future's hopeless.
Just close your eyes and look inside;
your mind can set you free.

CH

*This world is like a giant mirror
reflectin' you and me.
We can shape reality.
So be the change
you want to see-
the change you want to see.*

V3

Lift up those around you; see their potential.
Heal the world with love; keep an open mind.
When you face each day with optimism
and stay true in all you do,
life pays you back in kind.

BR

There's no better time to take action.
Waitin' 'round and hopin' will get you nowhere.
The bridge we are needin' won't build itself.
Dreamin' of nirvana won't get us there.
Change is a journey we can share.
