

"The True Meaning of Christmas"

V 1

The traditions of Christmas
we hear every year-
all the songs and the stories,
are things we hold dear..
Decorations and presents,
the candles and snow,
all the holly and ivy,
and the mistletoe.
But there is something more...

V 2

'Cause beyond all of the planning,
the shopping, and cheer,
there's a meaning much greater
to this time of year.
The true meaning of Christmas
isn't under the tree.
It is found when we love
and we give selflessly..
when we love unselfishly.

CH

As Christmas draws near,
we too often get lost,
and Christmas is cold as a frost.
So let's remember and rise above..
'cause the true meaning of Christmas is love.

V 3:

The true meaning of Christmas
isn't wrapped in a bow.
And it's not what you are given
but what you bestow.
If there's one part of Christmas
that's special to me,
it is found when we love and
we give selflessly..
when we love unselfishly.

(Repeat Chorus)

Bridge:

There's a message that we believe-
it's always better to give than receive.
There's a meaning behind this day;
just let love lead the way.

Partial Verse:

The true meaning of Christmas
isn't under the tree.
It is found when we love
and we give selflessly.
The true meaning of Christmas..
is love.
