

"You Are There"

V1

As the world weighs heavy on my heart
and the road ahead seems torn apart-
when I am broken- all my fears laid bare,
You are there. You are there.

V2

As everything we've built comes tumbling down-
the waters rise- my spirit starts to drown-
just when I think that no one's heard my prayer,
You are there. You are there.

CH

You are there for me when others run,
Breaking through the clouds- just like the sun.
When the well runs dry, you still find love to share.
And I find strength to live 'cause you are there.

V3

When my mind is calm, my soul at peace-
the fields are still, the endless battles cease-
when time is kind, and hope outweighs despair,
You are there. You are there.

(repeat chorus)

BR (optional)

If I am out of reach, seem lost somewhere-
know that in my heart you're always there.

(repeat chorus)

(tag)

When the day is done, I say a quiet prayer,
and you are there. You are there.
